

MONTEFIORE CMO DIAGNOSTIC IMAGING
PRIVILEGING BY SPECIALTY
Effective January 1, 2017

The privileging program established in 2007, was designed to improve quality by limiting coverage of imaging services to those services provided in the most appropriate setting. The list below details the imaging CPT codes that physicians other than radiologists can perform in their office.

Please Note: Radiologists, ER, and Critical Care providers have no restrictions and will be reimbursed for **all** of these codes. See the Radiology Code Grid on the last page for a full list of codes.
